15          (4) by adding at the end the following:

16               “(11) the State will establish, maintain, invest,  
17               and credit the fund with repayments, such that the  
18               fund balance will be available in perpetuity for pro-  
19               viding financial assistance in accordance with this  
20               title;

21               “(12) any fees charged by the State to recipients  
22               of assistance that are considered program income will  
23               be used for the purpose of financing the cost of ad-  
24               ministering the fund or financing projects or activi-  
25               ties eligible for assistance from the fund;

1           “(13) beginning in fiscal year 2011, the State  
2           will include as a condition of providing assistance to  
3           a municipality or intermunicipal, interstate, or State  
4           agency that the recipient of such assistance certify, in  
5           a manner determined by the Governor of the State,  
6           that the recipient—

7                   “(A) has studied and evaluated the cost and  
8                   effectiveness of the processes, materials, tech-  
9                   niques, and technologies for carrying out the pro-  
10                  posed project or activity for which assistance is  
11                  sought under this title, and has selected, to the  
12                  extent practicable, a project or activity that  
13                  maximizes the potential for efficient water use,  
14                  reuse, and conservation, and energy conserva-  
15                  tion, taking into account the cost of constructing  
16                  the project or activity, the cost of operating and  
17                  maintaining the project or activity over its life,  
18                  and the cost of replacing the project or activity;  
19                  and

20                   “(B) has considered, to the maximum extent  
21                   practicable and as determined appropriate by  
22                   the recipient, the costs and effectiveness of other  
23                   design, management, and financing approaches  
24                   for carrying out a project or activity for which  
25                   assistance is sought under this title, taking into

1           *account the cost of constructing the project or ac-*  
2           *tivity, the cost of operating and maintaining the*  
3           *project or activity over its life, and the cost of*  
4           *replacing the project or activity;*

5           *“(14) the State will use at least 10 percent of the*  
6           *amount of each capitalization grant received by the*  
7           *State under this title after September 30, 2010, to*  
8           *provide assistance to municipalities of fewer than*  
9           *10,000 individuals that meet the affordability criteria*  
10          *established by the State under section 603(i)(2) for*  
11          *activities included on the State’s priority list estab-*  
12          *lished under section 603(g), to the extent that there*  
13          *are sufficient applications for such assistance;*

14          *“(15) a contract to be carried out using funds*  
15          *directly made available by a capitalization grant*  
16          *under this title for program management, construc-*

3               “(C) *INFORMATION TO ASSIST STATES.—*  
4       *The Administrator may publish information to*  
5       *assist States in establishing affordability criteria*  
6       *under subparagraph (A).*

7               “(3) *PRIORITY.—A State may give priority to a*  
8       *recipient for a project or activity eligible for funding*  
9       *under section 603(c)(1) if the recipient meets the*  
10       *State’s affordability criteria.*

11              “(4) *SET-ASIDE.—*

12              “(A) *IN GENERAL.—In any fiscal year in*  
13       *which the Administrator has available for obliga-*  
14       *tion more than \$1,000,000,000 for the purposes*  
15       *of this title, a State shall provide additional sub-*  
16       *sidization under this subsection in the amount*  
17       *specified in subparagraph (B) to eligible entities*

1 **SEC. 1305. INTENDED USE PLAN.**

2 (a) *INTEGRATED PRIORITY LIST.*—Section 603(g) (33  
3 *U.S.C. 1383(g))* is amended to read as follows:

4 “(g) *PRIORITY LIST.*—

5 “(1) *IN GENERAL.*—For fiscal year 2011 and  
6 each fiscal year thereafter, a State shall establish or  
7 update a list of projects and activities for which as-  
8 sistance is sought from the State’s water pollution  
9 control revolving fund. Such projects and activities  
10 shall be listed in priority order based on the method-  
11 ology established under paragraph (2). The State may  
12 provide financial assistance from the State’s water  
13 pollution control revolving fund only with respect to  
14 a project or activity included on such list. In the case  
15 of projects and activities eligible for assistance under  
16 section 603(c)(2), the State may include a category or  
17 subcategory of nonpoint sources of pollution on such  
18 list in lieu of a specific project or activity.

19 “(2) *METHODOLOGY.*—

20 “(A) *IN GENERAL.*—Not later than 1 year  
21 after the date of enactment of this paragraph,  
22 and after providing notice and opportunity for  
23 public comment, each State (acting through the  
24 State’s water quality management agency and  
25 other appropriate agencies of the State) shall es-

1       *tablish a methodology for developing a priority*  
2       *list under paragraph (1).*

3               “(B) *PRIORITY FOR PROJECTS AND ACTIVITIES THAT ACHIEVE GREATEST WATER QUALITY*  
4       *IMPROVEMENT.—In developing the methodology,*  
5       *the State shall seek to achieve the greatest degree*  
6       *of water quality improvement, taking into con-*  
7       *sideration the requirements of section 602(b)(5)*  
8       *and section 603(i)(3), whether such water qual-*  
9       *ity improvements would be realized without as-*  
10       *sistance under this title, and whether the pro-*  
11       *posed projects and activities would address water*  
12       *quality impairments associated with existing*  
13       *treatment works.*

14               “(C) *CONSIDERATIONS IN SELECTING*  
15       *PROJECTS AND ACTIVITIES.—In determining*  
16       *which projects and activities will achieve the*  
17       *greatest degree of water quality improvement, the*  
18       *State shall consider—*

19               “(i) *information developed by the State*  
20       *under sections 303(d) and 305(b);*

21               “(ii) *the State’s continuing planning*  
22       *process developed under section 303(e);*

23               “(iii) *the State’s management program*  
24       *developed under section 319; and*  
25

1                   “(iv) conservation and management  
2                   plans developed under section 320.

3                   “(D) NONPOINT SOURCES.—For categories  
4                   or subcategories of nonpoint sources of pollution  
5                   that a State may include on its priority list  
6                   under paragraph (1), the State shall consider the  
7                   cumulative water quality improvements associ-  
8                   ated with projects or activities in such categories  
9                   or subcategories.

10                  “(E) EXISTING METHODOLOGIES.—If a  
11                  State has previously developed, after providing  
12                  notice and an opportunity for public comment,  
13                  a methodology that meets the requirements of  
14                  this paragraph, the State may use the method-  
15                  ology for the purposes of this subsection.”.

16                  (b) INTENDED USE PLAN.—Section 606(c) (33 U.S.C.  
17 1386(c)) is amended—

18                  (1) in the matter preceding paragraph (1) by  
19                  striking “each State shall annually prepare” and in-  
20                  serting “each State (acting through the State’s water  
21                  quality management agency and other appropriate  
22                  agencies of the State) shall annually prepare and  
23                  publish”;

24                  (2) by striking paragraph (1) and inserting the  
25                  following:

1           “(1) the State’s priority list developed under sec-  
2           tion 603(g);”;

3           (3) in paragraph (4)—

4                   (A) by striking “and (6)” and inserting  
5                   “(6), (15), and (17)”; and

6                   (B) by striking “and” at the end;

7           (4) by striking the period at the end of para-  
8           graph (5) and inserting “; and”; and

9           (5) by adding at the end the following:

10           “(6) if the State does not fund projects and ac-  
11           tivities in the order of the priority established under  
12           section 603(g), an explanation of why such a change  
13           in order is appropriate.”.

14           (c) *TRANSITIONAL PROVISION.*—Before completion of  
15           a priority list based on a methodology established under  
16           section 603(g) of the Federal Water Pollution Control Act  
17           (as amended by this section), a State shall continue to com-  
18           ply with the requirements of sections 603(g) and 606(c) of  
19           such Act, as in effect on the day before the date of enactment  
20           of this Act.

21           **SEC. 1306. ANNUAL REPORTS.**

22           Section 606(d) (33 U.S.C. 1386(d)) is amended by in-  
23           serting “the eligible purpose under section 603(c) for which  
24           the assistance is provided,” after “loan amounts,”.

1 **SEC. 1307. TECHNICAL ASSISTANCE; REQUIREMENTS FOR**  
2 **USE OF AMERICAN MATERIALS.**

3 *Title VI (33 U.S.C. 1381 et seq.) is amended—*

4 *(1) by redesignating section 607 as section 609;*

5 *and*

6 *(2) by inserting after section 606 the following:*

7 **“SEC. 607. TECHNICAL ASSISTANCE.**

8 *“(a) SIMPLIFIED PROCEDURES.—Not later than 1*  
9 *year after the date of enactment of this section, the Admin-*  
10 *istrator shall assist the States in establishing simplified*  
11 *procedures for treatment works to obtain assistance under*  
12 *this title.*

13 *“(b) PUBLICATION OF MANUAL.—Not later than 2*  
14 *years after the date of the enactment of this section, and*  
15 *after providing notice and opportunity for public comment,*  
16 *the Administrator shall publish a manual to assist treat-*  
17 *ment works in obtaining assistance under this title and*  
18 *publish in the Federal Register notice of the availability*  
19 *of the manual.*

20 *“(c) COMPLIANCE CRITERIA.—At the request of any*  
21 *State, the Administrator, after providing notice and an op-*  
22 *portunity for public comment, shall assist in the develop-*  
23 *ment of criteria for a State to determine compliance with*  
24 *the conditions of funding assistance established under sec-*  
25 *tions 602(b)(13) and 603(d)(1)(E).*

1   **“SEC. 608. REQUIREMENTS FOR USE OF AMERICAN MATE-**  
2                                   **RIALS.**

3           “(a) *IN GENERAL.*—Notwithstanding any other provi-  
4   sion of law, none of the funds made available by a State  
5   water pollution control revolving fund as authorized under  
6   this title may be used for the construction of treatment  
7   works unless the steel, iron, and manufactured goods used  
8   in such treatment works are produced in the United States.

9           “(b) *EXCEPTIONS.*—Subsection (a) shall not apply in  
10   any case in which the Administrator (in consultation with  
11   the Governor of the State) finds that—

12                   “(1) applying subsection (a) would be incon-  
13   sistent with the public interest;

14                   “(2) steel, iron, and manufactured goods are not  
15   produced in the United States in sufficient and rea-  
16   sonably available quantities and of a satisfactory  
17   quality; or

18                   “(3) inclusion of steel, iron, and manufactured  
19   goods produced in the United States will increase the  
20   cost of the overall project by more than 25 percent.

21           “(c) *PUBLIC NOTIFICATION AND WRITTEN JUSTIFICA-*  
22   *TION FOR WAIVER.*—If the Administrator determines that  
23   it is necessary to waive the application of subsection (a)  
24   based on a finding under subsection (b), the Administrator  
25   shall—

1           “(1) not less than 15 days prior to waiving ap-  
2           plication of subsection (a), provide public notice and  
3           the opportunity to comment on the Administrator’s  
4           intent to issue such waiver; and

5           “(2) upon issuing such waiver, publish in the  
6           Federal Register a detailed written justification as to  
7           why the provision is being waived.

8           “(d) *CONSISTENCY WITH INTERNATIONAL AGREE-*
